

Help organise a food or donations drive in your neighbourhood!

Nourishing Neighbours is 100% volunteer and donations run, we are so grateful for all the donations of time, money and items our volunteers and community give.

If you would like to organise a food or donations drive in your neighbourhood, thank you! We've put together a little guide to make it as easy as possible.

Nourishing Neighbours (NN) was founded in 2020 to provide a wide variety of culturally safe and appropriate food to those experiencing food insecurity in Moreland and surrounds.

1
